The diagram illustrates a knockout tournament structure. It begins with four teams: HOME, AWAY, HOME, and AWAY. The first two teams (HOME and AWAY) compete in a semi-final, with the winner advancing to the final and the loser competing in a 3rd/4th place match. The second two teams (HOME and AWAY) also compete in a semi-final, with the winner advancing to the final and the loser competing in the 3rd/4th place match. The final match is between the winners of the two semi-finals, with the winner being the CHAMPION and the loser being the 3rd PLACE team.
